the 1980s and early 1990s have seen a marked increase in public interest in our historic environment the museum and heritage industry has expanded as the past is exploited for commercial profit in the representation of the past kevin walsh examines this international trend and questions the packaging of history which serves only to distance people from their own heritage a superficial unquestioning portrayal of the past he feels separates us from an understanding of our cultural and political present here walsh suggests a number of ways in which the museum can fulfill its potential by facilitating our comprehension of cultural identity

argues for a new understanding of old english responses to materiality and historical change human communities have interacted with the material remains of earlier periods for millennia such archaeological objects including bones coins weapons building materials and architectural landmarks were physically handled reused transformed and reinterpreted they were also depicted in literature this book examines how old english texts imagine such human encounters with the remnants of the past it explores elene s perspective on the discovery of the true cross as a narrative of political

spiritual and epistemic translatio and the multiple ways in which the wanderer and the ruin use images of ruins and the poetic formula work of giants to construct an unknown and unrecoverable past it also considers the engagements with untimely objects in beowulf and the anonymous old english legend of the seven sleepers and how the ruthwell cross poem and the dream of the rood play off figural against literal history as this study demonstrates old english texts combined and creatively adapted a broad variety of ways of conceptualizing not merely history but indeed the very processes by which historical thought operates its careful readings show that these texts not only display a deep and conflicted understanding of the philosophical implications of viewing history and temporality through the prism of material objects but also exhibit a powerful capacity for expressing such an understanding through aesthetic strategies
